Set on a hillside overlooking a picturesque harbor...in a verdant island jungle with an abundance of tropical plants, flowers and palm trees.... your private oasis for two awaits!

Inspired by the Robinson Crusoe novel, this island cottage was created for privacy, seclusion and tranquility. The view from the hut deck looks over the tree tops, down on a beautiful bay.... hosting a small collection of sailboats and fishing boats.

A gently sloping outdoor pathway through the jungle garden leads to a large open-air stone shower, soothing water fountain, a pergola draped hot tub, separate shaded lounging spot, and a palm thatched cabana with a Bali daybed and hammock.

Interior features include air conditioning, a flat screen TV with cable, secured wireless internet, complimentary bar, iPod docking system, cd/dvd player and wireless outdoor speakers.

Sip a morning coffee over breakfast on the deck and watch the fishing boats slip out of the harbor in search of marlin, tuna and more. During the day, catch up on your reading in the Bali hut while taking in the view, or watch hummingbirds, bananaquits and iguanas that frequent the garden. At night, listen to the tree frogs and look up and admire the theater of stars and the beauty of the lights on St. John.

Here's an opportunity to make that promised romantic getaway a reality... Or simply to escape the pressures of everyday life for a few days to experience the serenity this secluded island-jungle paradise has to offer.
